Benefits of Tech-Prep

- Tech-Prep provides students with academic and career pathways to follow from high school to post-secondary education or an apprenticeship program.
- Tech-Prep students participate in career-related events:
 - Career Fair at Holyoke Community College
 - Junior-Senior Transition Symposium at Holyoke Community College
 - Construction Career Day in Hopkinton, MA
- Tech-Prep students are able to take the Accuplacer College Placement Test in their junior year allowing them time to improve their performance in math and/or English.
- Career plans are developed for all tech-prep students, which provide a focus and direction for career exploration, assessment, and planning for further education or entry into the workforce.
- Many students will benefit from articulation credits. If specific high school course(s) are completed with a B or better, the student may receive college credit at STCC or HCC. This saves time and money when students enroll in college.
- Community college application fee is waived for tech-prep students.
